**A. X. X. X. S. Bedroom set by I. S. Daylers, Bedroom set in the next few years. The depreciation of farm property during the last two decades has been due to a combination of causes. First, the value of farm lands, visit with relatives. like all other values, was greatly inflated for a few years after the war, owing to urday June 23rd, 1804, a girl baby. Dr. the depreciation of the paper currency | Findley in attendance. which gave a fictitious value to all kinds of property. The return to specia payments and the gradual restoration of clecks at Fregenbaum's. normal conditions caused what seemed ! to be a shrinkage of values, but which an Evanston college friend, Miss Grace was really only a restoration of the equi- Adams, of Chillcothe, M. 1 librium.

Another thing that has contributed to been grinding the past week. They have the depreciation of improved farm lands in the older states has been the steady eighty cases on the docket. emigration to the new states and terri -Miss Jusie, Berres entertained our Mediator."-1 Finothy it, 1-6. tories. As long as government land a party of lady friends Tuesday evening. could be had for 31.25 per acre it was a Music, etc; were indulged in. a great temptation to the owner of an -Leo Chaddank spent Sunday with improved farm in Chio or other eastern Maitland friends. His sister Lulu restates to sell when he could realize turned to Maitland with him. enough to buy a farm five or six times as large in one of the new states and have plenty of money left to stock it. in the evening at the usual hours. Under the rapids of the emegration and more land fever thousands of farms County's Teachers' institute will converse.

County's Teachers' institute will converse. at much less than their real value, with vene in this city on Monday, July 9. the result of forcing the prices down to an abnormally low point. But the conditions have changed. About all the good proper celebration of the 4th of July to \$3.25. government lands have been disposed of | - If you want to buy a watch, chain and the owners of improved farms in the or rung with a sworn guarantee, go to new states are not anxious to sell. The Kelly & Londovan's drug store, New Point era of cheap farm land is passed never—Bont VanDeveer and brother Firmmore to return. The tida of Western an, Jesso Fitts, T. C. Dungan and Ferd emigration has subsided, and will never Crampton, are fishing at Longdon, this run banks full again. There is even week some migration from the new states back to the old. The demand for in game of base ball between the Azureine proved farms in the older stales is in reasing and is likely to increase for muss it. years to come.

Still another cause that has contribu-ted to depreciate the value of farm lands has been the unhealthy desire for city life which has been the unhealthy desire for city life which has been so prominent a feat evening. ture of American life in the last twenty or thirty years. Without undertaking inst. fracturing her thigh. As Mrs. Nowto account for this it is an undeniable land is 70 years old her condition is very fact. According to the census of 1800, critical. out of a porulation of 31,414,321, there were living in cities 5.072,250, or 16.13 per cent. of the entire population. In 1890 out of a papulation of 62,622,250 there were living in cities 18,231,670, or 29,12 per cent. of the whole. These fig. ures illustrate very forcibly the increasing tendency of population towards cities during the last thirty years. The result of this, combined with emigration. is that many counties and townships throughout the north had a smaller M. E. church, Maryville, on Sanday of population in 1890 than they had in 1580. last week. It needs no argument to prove that this must have helped to depreciate the returned from Pertle Springs, this state, value of farm lands. But this move where they attended the State Teachers' ment of population toward the cities, association like the western emigration movement. - Blackborries should be cut back has spent its force and is subsiding. There are even indications of a reaction. The substantial advantages of farm life and the unsubstantial attractions of city life are becoming better understood. It s likely that the next few years will bring a decided movement of populaion from the cities to the country.
